

REMARKS

The Applicant would like to thank the Examiner for the support and consideration for allowance of Claims as amended on this application . Applicant submits to the Examiner the Final Amendment from Office Response and Office Action Summary dated August 23,2004. The Applicant believes the amendments made to the application from the Examiner's interview, and reviews of the Examiner's draft amendment are now in condition for allowance. The following amendments were revised to overcome Objections and Rejections to the previous claims submitted. Applicant therefore believes that all the claims are in condition for allowance and a notice to that effect is respectfully requested. A summary list of the detailed response and status of claims has been provided below for the Examiner's review

Claim Objections. Claim 19, 27, 31 and 33 was revised per the review , phone interview and recommendations of the Examiner for this action.

Specification. Applicant requests that the word " led" be replaced with "LED" to define the abbreviation for light emitting diode.

Claims have been amended to reflect the light source provides light external to the housing and outside the housing.

Applicant believes that the Applicant and the Examiner agreed that the claims as amended above would be allowable. Applicant thus asks that a Notice of Allowance be issued.
